75 years OF SERVING AMERICAN BUSINESS

THE year 1945 is the seventy-fifth Anniversary for R. L. Polk & Co. Three-quarters of a century of Service to cities and industries of America.

WE HAVE grown a lot in seventy-five years, and we plan to keep on growing. We feel younger than ever. Our real future still is ahead of us . . . because the real future of our Country lies ahead.

IN 1870 Ralph L. Polk, the Founder of this Company, laid down a fundamental policy of Good Service . . . Honest Service. That policy still is basic with us. Our growth in experience, in skill, in size, came about only because we built on that solid old foundation of Service.

SO, ON OUR seventy-fifth Anniversary, we thank you for doing business with us . . . for guiding us along the way. We want any and all of our Services to be even more valuable to you in the years to come . . . and we pledge our best efforts to that end.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1945 edition of the Hammond City Directory, which also includes Burnham and Calumet City, Ill., and Whiting, Ind.

Confidence in the continued growth of Hammond's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Hammond to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hammond Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 11 to 23, on white paper, presents lists of city, county and federal officials; post office and public school Directories; statistical review; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 544, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hammond and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Hammond, Burnham and Calumet City, on pink paper, covers pages 545 to 656. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones. A similar guide for Whiting extends from page 657 to page 667.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 52, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Hammond and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Hammond, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 721 to 762, on white paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hammond and vicinity.

The Hammond Directory Library

Through the courtesy of the publishers of the Hammond City Directory, a Directory Library is maintained in the offices of the Hammond Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

HAMMOND

Statistical Review

Form of Government—Mayor and council.

Population—1940 U. S. Census, 70,184; local estimate in 1943, 78,000. American-born, 83.9%. Predominating nationalities of foreign-born residents: German, Polish and Czechoslovakian.

Area—27 square miles.

Altitude—585 feet above sea level.

Climate—Mean annual temperature, 49.2 degrees F.; average annual rainfall, 33.02 inches.

Parks—14, with total of 250 acres, valued at \$1,750,000.

Financial Data—3 banks, with total deposits of \$29,538,000 (June 30, 1945), and total resources of \$30,863,000 (June 30, 1945).

Churches—57, representing leading denominations.

Industry—Chief industry is manufacturing. Principal manufactured products: Oils, soap products, foods, animal and dairy feeds, railway cars, railway supplies, clothing, metal castings, foundry products, refined metals and heavy machinery. Plants heavily engaged in manufacture of munitions during the war.

Trade Area—Retail area has radius of 150 miles, and population of 250,000.

Newspapers—1 daily and Sunday and 1 weekly.

Hotels—7, with total of 400 rooms.

Railroads—10, including New York Central, Pennsylvania, Baltimore & Ohio, Erie, Monon, Nickel Plate, and Wabash.

Highways—U. S. 6, 12, 20, 30 and 41.

Airports—2 (near the city).

Amusements—Largest auditorium in city seats 6,000 persons. 7 moving-picture theatres, with total seating capacity of 7,300 persons. 5 golf courses.

Hospitals—1, with 260 beds.

Education—19 public schools, including 3 senior high. 9 parochial schools. Value of public school property, \$5,000,000.

Public Libraries—7, including branches, with total of 100,000 volumes.

City Statistics—Total street mileage, 260, with 163 miles paved. Miles of sewers, 182. Capacity of water works, 65,000,000 gallons; daily average pumpage, 15,157,000 gallons; miles of mains, 200; value of plant, \$4,000,000. Fire department has 85 men, with 6 stations and 15 pieces of motor equipment. Police department has 89 men, with 2 stations and 33 pieces of motor equipment.

Location, Population, Etc.

LOCATION—Hammond is located in Lake County, the second largest county in Indiana, in the northwest corner of the state. It is twenty miles southeast of the Loop district of Chicago; 954 miles from New York; 304 miles from St. Louis; 442 miles from Minneapolis; 941 miles from New Orleans, and 2,281 miles from San Francisco.

BOUNDARIES—Hammond is bounded on the north by Lake Michigan, Whiting and East Chicago; on the east, by Whiting, Gary and East Chicago; on the south, by Little Calumet River, and on the west by Chicago, Calumet City, Burnham and Cook County, Ill.

POPULATION—The population of Hammond was 70,184, according to the 1940 U. S. Census. The estimated population in 1943 was 78,000.

The population of the Hammond trade area is approximately 250,000. Hammond directly adjoins Chicago, and for many purposes the trade area of Hammond is the trade area of Chicago, particularly for industrial purposes, which from that standpoint would give Hammond an additional industrial trade population of more than 3,500,000.

The growth of Hammond is reflected in the following population figures:

1900	12,376
1910	20,925
1920	36,004
1930	64,560
1940	70,184
1943 (est.)	78,000

The unusually favorable location of Hammond at the tip of Lake Michigan, in the center of population, at the waterway terminus of all directions, and with unequaled railway distribution, makes its future growth inevitable. No industrial location in the U. S. surpasses it.

Government

Hammond is governed by a city council form of government. The incumbent administration is headed by Mayor G. Bertram Smith, a Democrat. The administration is regarded as conservative in its aims and has maintained an equitable balance between the interests of all persons affected by the government.

The police and fire departments operate on a civil-service basis. The heads of these departments having been in office for years, is conclusive evidence of the high efficiency of these protective agencies.

The police department is equipped with a two-way radio system through which the possibility of crime has been greatly reduced.

Both the police and fire departments have gained national recognition because of the low annual fire loss and because of the very high standard of law enforcement.

Taxation

The law of the State of Indiana establishes a rate of \$2 for each \$100 assessed valuation as the maximum tax levy to cover all taxing units, except for emergency expenditures. This undoubtedly is very beneficial in keeping the tax rate on a low level.

The general attitude of officials in making assessments on real and personal property has been reasonable to industry. All assessments are subject to review by the State Tax Board.

There is a state gross income tax of $\frac{1}{2}$ of 1% on retail sales, 1% on individual incomes, and $\frac{1}{4}$ of 1% on manufactured goods.

There is no state sales tax in Indiana, and no occupational tax.

There is a tax ranging from \$3 to \$150 per year on retail stores.

There is also an intangible tax of 25c for each \$100.

Transportation

Transportation facilities in Hammond offer direct or inter-connected facilities with all parts of the U. S. The city is accessible by railroad, electric railroad, state and federal highways, bus and truck lines, waterways and air lines.

RAILWAYS—Hammond is serviced by ten railway lines; three belt lines.

The ten trunk railway lines are: Baltimore & Ohio; Chesapeake & Ohio; Chicago & Erie; Chicago, Indianapolis & Louisville; Michigan Central; New York Central; New York, Chicago & St. Louis; Pennsylvania; Pittsburgh, Cincinnati, Chicago & St. Louis; Wabash.

In addition, the city is within the Chicago switching district and enjoys low freight rates, the same as those in Chicago. The three belt lines are the Baltimore & Ohio Chicago Terminal, the Elgin, Joliet & Eastern, and the Indiana Harbor Belt. These make available a fast, direct service to all roads out of Chicago. Trap-car service also is available on belt lines for less-than-carload-lot shipments. Trap cars go to the Indiana Harbor Belt switching yards, where shipments are consigned to the various lines, thus offering a faster and more efficient service.

The Indiana Harbor Belt Railroad's largest terminal, Gibson Yard, is located in Hammond. Cars from the industries of Hammond and Calumet City are made up in trains and run direct from Gibson Yard to all eastern, western and southern lines, making but one handling from the industries to any one trunk line over which the shipment may move.

ELECTRIC LINE — The Chicago, South Shore & South Bend Railroad provides a fast passenger and freight electric service to Chicago, passenger service operating every thirty minutes and requiring 36 minutes from the Hammond station to the Randolph St. station in Chicago. Low round-trip passenger fares are offered on commutation tickets.

BUS SERVICE — An inter-city bus service including Hammond, Calumet City, Whiting, East Chicago, Gary and Chicago is maintained by the Chicago-Calumet District Transit Co. In addition, there are electric railway services inter-connecting these Calumet Region cities.

TRUCK SERVICE — Fast, daily truck service is operated between Hammond and Chicago and numerous other points by a number of trucking companies. Hammond is the focal point for a large number of highly improved highways radiating in every direction.

WATERWAYS—Hammond is only a few miles from Indiana Harbor on Lake Michigan, which provides easy accessibility for water transportation. The Indiana Harbor is used by a number of large industries as a port for shipping to foreign countries, and also for receiving shipments from foreign ports.

The Great Lakes Dock Terminal maintains a shipping point at Indiana Harbor. Direct regular railway service is available to St. Louis and Cairo, Ill., for barge transportation on the Mississippi to the Gulf, and from there to other ports of the world.

AIRPORTS—Hammond is less than three-quarters of an hour by automobile from the Chicago Municipal Airport, and from the Ford Airport at Lansing, Ill.

Public Utilities

ELECTRICITY—Electric energy for Hammond is available in unlimited quantities with a rate structure designed to encourage use by industries. The rate schedule for electric energy, which is provided by the Northern Indiana Public Service Co., is as low as can be found in any large industrial city. Hammond is the location of one of the largest steam-generating plants in the world, and the company is equipped to take care of any industrial demand.

GAS—A high-grade gas is also furnished by the Northern Indiana Public Service Co. at a very low rate for industrial users.

COAL—With coal mines in Indiana, Illinois, Kentucky, Pennsylvania and Virginia, Hammond is assured of a plentiful supply of cheap coal.

OIL—The largest oil refineries in the world are located within the Hammond district, and fuel oil is available at reasonable rates.

PETROLEUM COKE — Because of the large oil-refining operations, an adequate supply of petroleum coke is also available, a special fuel valuable for certain operations and not to be had in many industrial areas.

WATER — The City of Hammond owns its water plant, the supply coming from Lake Michigan, and the rate being a graduated scale based on the amount used. Hammond has the lowest water rate of any city in this section of Indiana.

A \$1,000,000 filtration plant, with ample storage capacity, guarantees a plentiful supply of the purest water for industrial and domestic use.

COMMUNICATIONS—Hammond is served by the Illinois Bell Telephone Co. and the Western Union Telegraph Co. It also has Radio Station WJOB, operating on 1,300 kilocycles.

Publishing and Printing

There are a number of printing establishments in Hammond that have a national clientele. Much Chicago printing is handled in these plants. The plants are equipped with all modern facilities for color printing, offset work, bookbinding, and the printing and preparation of catalogs and mailing pieces.

There is one daily afternoon newspaper, The Hammond Times (Independent Republican), with a circulation of 31,315 (ABC report, March 31,

1943). It receives full Associated and United Press services, and serves the entire trading area.

Labor

Because of Hammond's location in the Calumet Region, there is a large supply of both skilled and unskilled labor. There is a good market for female workers, because of the large number of male workers employed in the steel mills and heavy metal industries where female labor is not employed.

With the exception of the building and printing trades, practically all industries operate under the American plan, and Hammond is well known as an open-shop city. A few industries, such as oil refining, clothing, etc., employ union workers.

There have been no industrial disturbances over a number of years, and the general attitude of the city as a whole does not encourage labor troubles.

Housing and Living Costs

Hammond is the residential city for a number of the surrounding industrial cities that are unable to provide suitable housing of the better type and which have no expansion possibilities.

At the present time there is a shortage of homes, as is true in a majority of cities throughout the country.

Good homes can be rented, when available, at \$25 per month and up, this depending entirely upon location and type of home desired.

Because of Hammond being in the Chicago area, prevailing living costs are about the same as in that city. Rentals, taxes and utility costs are cheaper.

Hammond is located adjacent to a superior garden and trucking area, immediately contiguous to the Michigan-Indiana fruit belt, and also is close to the large meat-packing operations of the country, making these things available, with wide choice, and at reasonable prices.

Commercial Organizations

There are four commercial organizations giving direct service to the industrial and commercial interests of the city.

The Hammond Chamber of Commerce, the largest, composed of the representative professional and business concerns, is constantly promoting the general welfare of the city from a business standpoint and has a constructive program of activities.

Government

Hammond is governed by a city council form of government. The incumbent administration is headed by Mayor G. Bertram Smith, a Democrat. The administration is regarded as conservative in its aims and has maintained an equitable balance between the interests of all persons affected by the government.

The police and fire departments operate on a civil-service basis. The heads of these departments having been in office for years, is conclusive evidence of the high efficiency of these protective agencies.

The police department is equipped with a two-way radio system through which the possibility of crime has been greatly reduced.

Both the police and fire departments have gained national recognition because of the low annual fire loss and because of the very high standard of law enforcement.

Taxation

The law of the State of Indiana establishes a rate of \$2 for each \$100 assessed valuation as the maximum tax levy to cover all taxing units, except for emergency expenditures. This undoubtedly is very beneficial in keeping the tax rate on a low level.

The general attitude of officials in making assessments on real and personal property has been reasonable to industry. All assessments are subject to review by the State Tax Board.

There is a state gross income tax of $\frac{1}{2}$ of 1% on retail sales, 1% on individual incomes, and $\frac{1}{4}$ of 1% on manufactured goods.

There is no state sales tax in Indiana, and no occupational tax.

There is a tax ranging from \$3 to \$150 per year on retail stores.

There is also an intangible tax of 25c for each \$100.

Transportation

Transportation facilities in Hammond offer direct or inter-connected facilities with all parts of the U. S. The city is accessible by railroad, electric railroad, state and federal highways, bus and truck lines, waterways and air lines.

RAILWAYS—Hammond is serviced by ten railway lines; three belt lines.

The ten trunk railway lines are: Baltimore & Ohio; Chesapeake & Ohio; Chicago & Erie; Chicago, Indianapolis & Louisville; Michigan Central; New York Central; New York, Chicago & St. Louis; Pennsylvania; Pittsburgh, Cincinnati, Chicago & St. Louis; Wabash.

In addition, the city is within the Chicago switching district and enjoys low freight rates, the same as those in Chicago. The three belt lines are the Baltimore & Ohio Chicago Terminal, the Elgin, Joliet & Eastern, and the Indiana Harbor Belt. These make available a fast, direct service to all roads out of Chicago. Trap-car service also is available on belt lines for less-than-carload-lot shipments. Trap cars go to the Indiana Harbor Belt switching yards, where shipments are consigned to the various lines, thus offering a faster and more efficient service.

The Indiana Harbor Belt Railroad's largest terminal, Gibson Yard, is located in Hammond. Cars from the industries of Hammond and Calumet City are made up in trains and run direct from Gibson Yard to all eastern, western and southern lines, making but one handling from the industries to any one trunk line over which the shipment may move.

ELECTRIC LINE—The Chicago, South Shore & South Bend Railroad provides a fast passenger and freight electric service to Chicago, passenger service operating every thirty minutes and requiring 36 minutes from the Hammond station to the Randolph St. station in Chicago. Low round-trip passenger fares are offered on commutation tickets.

BUS SERVICE—An inter-city bus service including Hammond, Calumet City, Whiting, East Chicago, Gary and Chicago is maintained by the Chicago-Calumet District Transit Co. In addition, there are electric railway services inter-connecting these Calumet Region cities.

TRUCK SERVICE—Fast, daily truck service is operated between Hammond and Chicago and numerous other points by a number of trucking companies. Hammond is the focal point for a large number of highly improved highways radiating in every direction.

WATERWAYS—Hammond is only a few miles from Indiana Harbor on Lake Michigan, which provides easy accessibility for water transportation. The Indiana Harbor is used by a number of large industries as a port for shipping to foreign countries, and also for receiving shipments from foreign ports.

AIRPORTS—Hammond is less than three-quarters of an hour by automobile from the Chicago Municipal Airport, and from the Ford Airport at Lansing, Ill.

Public Utilities

ELECTRICITY—Electric energy for Hammond is available in unlimited quantities with a rate structure designed to encourage use by industries. The rate schedule for electric energy, which is provided by the Northern Indiana Public Service Co., is as low as can be found in any large industrial city. Hammond is the location of one of the largest steam-generating plants in the world, and the company is equipped to take care of any industrial demand.

GAS—A high-grade gas is also furnished by the Northern Indiana Public Service Co. at a very low rate for industrial users.

COAL—With coal mines in Indiana, Illinois, Kentucky, Pennsylvania and Virginia, Hammond is assured of a plentiful supply of cheap coal.

OIL—The largest oil refineries in the world are located within the Hammond district, and fuel oil is available at reasonable rates.

PETROLEUM COKE — Because of the large oil-refining operations, an adequate supply of petroleum coke is also available, a special fuel valuable for certain operations and not to be had in many industrial areas.

WATER — The City of Hammond owns its water plant, the supply coming from Lake Michigan, and the rate being a graduated scale based on the amount used. Hammond has the lowest water rate of any city in this section of Indiana.

A \$1,000,000 filtration plant, with ample storage capacity, guarantees a plentiful supply of the purest water for industrial and domestic use.

COMMUNICATIONS—Hammond is served by the Illinois Bell Telephone Co. and the Western Union Telegraph Co. It also has Radio Station WJOB, operating on 1,300 kilocycles.

Publishing and Printing

There are a number of printing establishments in Hammond that have a national clientele. Much Chicago printing is handled in these plants. The plants are equipped with all modern facilities for color printing, offset work, bookbinding, and the printing and preparation of catalogs and mailing pieces.

There is one daily afternoon newspaper, The Hammond Times (Independent Republican), with a circulation of 31,315 (ABC report, March 31,

1943). It receives full Associated and United Press services, and serves the entire trading area.

Labor

Because of Hammond's location in the Calumet Region, there is a large supply of both skilled and unskilled labor. There is a good market for female workers, because of the large number of male workers employed in the steel mills and heavy metal industries where female labor is not employed.

With the exception of the building and printing trades, practically all industries operate under the American plan, and Hammond is well known as an open-shop city. A few industries, such as oil refining, clothing, etc., employ union workers.

There have been no industrial disturbances over a number of years, and the general attitude of the city as a whole does not encourage labor troubles.

Housing and Living Costs

Hammond is the residential city for a number of the surrounding industrial cities that are unable to provide suitable housing of the better type and which have no expansion possibilities.

At the present time there is a shortage of homes, as is true in a majority of cities throughout the country.

Good homes can be rented, when available, at \$25 per month and up, this depending entirely upon location and type of home desired.

Because of Hammond being in the Chicago area, prevailing living costs are about the same as in that city. Rentals, taxes and utility costs are cheaper.

Hammond is located adjacent to a superior garden and trucking area, immediately contiguous to the Michigan-Indiana fruit belt, and also is close to the large meat-packing operations of the country, making these things available, with wide choice, and at reasonable prices.

Commercial Organizations

There are four commercial organizations giving direct service to the industrial and commercial interests of the city.

The Hammond Chamber of Commerce, the largest, composed of the representative professional and business concerns, is constantly promoting the general welfare of the city from a business standpoint and has a constructive program of activities.

The Hammond Safety Council, a division of the Chamber of Commerce, has been successful in maintaining low insurance rates through its work in fire-prevention, public safety, etc. This division has received several awards in the Inter-Chamber Fire Waste Contests conducted by the U. S. Chamber of Commerce.

The Chamber of Commerce, with other organizations, is constantly active in a study of proposed budgets of the taxing units and has been a strong influence in maintaining a low tax rate. It has also given much attention to proposed legislation and has been successful in protecting the interests of the manufacturers in many legislative matters of a vital nature. The program of the Chamber of Commerce is a general one and always in the interest of the community as a whole.

The Hammond Junior Chamber of Commerce has a representative group of young executives, actively interested in civic affairs and making a splendid contribution to a number of war agencies.

The Manufacturers' Association is composed only of manufacturers. This organization deals entirely with matters affecting the interests of its membership.

The Hammond Merchants' Association, a division of the Chamber of Commerce, deals in subjects affecting the retail trade only. It devotes most of its efforts toward trade promotion, trade practices, etc.

The Hammond Credit Exchange is composed of a large number of retailers. This organization is solely for the purpose of giving confidential credit information.

Other organizations active in matters in their particular fields of business activity are the Hammond Real Estate Board, the Lake County Underwriters' Association, the Calumet Region Auto Parts Association, etc.

Civic Organizations, Etc.

Most of the civic, and practically all of the fraternal organizations are represented in Hammond.

Rotary, Kiwanis, Lions and Optimists represent the civic luncheon clubs. Also there are the active Women's Club, League of Women Voters, American Legion Auxiliary, Parent-Teachers' Association and Business and Professional Women's Club.

All character-building and welfare work clears through the United Welfare Association, which conducts an annual drive for a fixed sum to provide for these activities each year,

thus relieving business organizations of solicitations more than once a year for these purposes.

Organizations which derive their support from this Association are:

- Bethany Children's Home
- Boy Scouts
- Brooks House
- Calumet Goodwill Industries
- Carmelite Home for Boys
- Catholic Associated Charities
- General Relief Agency
- Girl Scouts
- Hammond Fresh Air Camp
- Salvation Army
- Young Women's Christian Association

Educational, Religious and Cultural Features

SCHOOLS — The Hammond school system consists of sixteen grade schools, three high schools, one Catholic high school and nine parochial schools, all of which are staffed with highly competent teachers and instructors.

The Technical Vocational School is an important source of potential employee-leadership and offers a training course designed to fit young men to take their place in the industrial community.

There are two highly-rated privately-owned commercial schools, assuring an adequate supply of stenographic and secretarial help.

For those desiring higher education, extension courses are provided from the University of Indiana, and engineering courses are given from Purdue University, oftentimes specializing in such subjects as the heat-treatment of metals, electric welding, gas welding, and kindred subjects of particular interest to manufacturers.

Many Hammond residents avail themselves of the opportunity to take night courses at the University of Chicago and Northwestern University.

CHURCHES — All denominations are represented in the religious life of Hammond — 39 Protestant, 8 Catholic, 2 Jewish and 8 miscellaneous congregations.

LIBRARY — The Hammond Public Library has six branches, and will, with the cooperation of the industries, establish a branch within an industry if the demand for library service justifies it. There are 100,000 volumes in the Hammond Library system.

Recreation

PARKS — Hammond is equipped with all types of wholesome recreation. There are fourteen parks, with an acreage of 250, and a valuation of \$1,750,000. These parks are equipped with tennis courts and playgrounds with attractive landscaping.

GOLF—There are five golf courses within a few minutes of town—Woodmar Country Club, Wicker Park, Lansing Airport Course, Lake Hills, and Burnham Woods.

SWIMMING—There is swimming at modern pools in a number of the city parks. Numerous beaches are located in the Dunes territory and elsewhere within short distances of Hammond.

WICKER PARK—Within a few miles of Hammond is the famous Wicker Memorial Park, which is one of the few township-owned public parks in the country. It has 235 acres. This park is equipped with an 18-hole public golf course, picnic facilities, modern swimming pool, and other equipment which make it a popular place for company and organization outings.

SCOUTING—For boys and girls of scouting age, there are active scouting troops in Hammond. Both organizations maintain camps for Hammond boys and girls.

FOREST PRESERVES—Immediately across the state line in Cook County, providing bridle paths, trails and outing facilities, is one of the Illinois forest preserves.

Public Health

Hammond maintains an efficient health department under the direction of a board of health of three members and in charge of a qualified physician, safeguarding the city against the spread of infectious and communicable diseases. The appropriation of this department provides for free analysis of milk and water in a well-equipped laboratory, and also for a registered nurse.

Hospitals

There is one hospital, St. Margaret's, operated by the Sisters of St. Francis, with a capacity of 260 beds. The hospital is fully equipped for surgery and for the proper care of patients.

Section 28, Copyright Law In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS NOTE

WHITING

Statistical Review

Form of Government—Mayor and council.

Population—10,307 (1940 U. S. Census).

Area—970 acres.

Altitude—585 feet above sea level.

Climate—Mean annual temperature, 49.2 degrees F.; average annual rainfall, 33.04 inches.

Parks—1, with 30 acres.

Assessed Valuation — \$24,265,355, with 78½¢ per \$100 city tax rate and \$2.96 per \$100 total city and county tax rate.

Bonded Debt—None.

Financial Data—3 banks, with total deposits of \$8,423,600 (Dec. 31, 1944), and total resources of \$8,961,500 (Dec. 31, 1944). 1 building and loan association, with assets of \$438,554 (Feb. 28, 1945).

Telephones in Service—3,128.

Churches—12, representing 6 denominations.

Industry—Chief industries of city: Standard Oil Co. of Indiana, employing 5,000, producing a complete line of petroleum products; Carbide & Carbon Chemicals Corp., employing 500, chief product, synthetic organic chemicals; Union Tank Car Co., employing 400, leasing and maintenance of tank cars; Federated Metals Division, American Smelting & Refining Co., chief product, metals and metal alloys; Globe Roofing Products Co., employing 150, chief products, roofing products and siding.

Newspapers—1 weekly.

Hotels—1, with 68 rooms.

Amusements—Largest auditorium in city seats 1,200 persons. 2 moving-picture theatres, with total seating capacity of 2,200 persons.

Education—4 public schools, including 1 senior high and 1 junior high. 2 parochial schools, including 1 junior high. Number of pupils in public schools, 1,736; in parochial, 592. Number of teachers in public schools, 70; in parochial, 17.

Public Libraries—1, with 23,615 volumes.

City Statistics—Total street mileage, 13.5, nearly all paved. Daily average pumpage of water works, 2,500,000 gallons; value of plant, \$321,559.64. Fire department has 15 men, with 1 station and 3 pieces of motor

equipment. Police department has 21 men, with 1 station and 4 pieces of motor equipment.

Location, Population, Etc.

LOCATION—Whiting is located in Lake County, the second largest county in Indiana, in the northwest corner of the state. It is seventeen miles from the center of Chicago, five miles north of the retail business district of Hammond, three miles west of Indiana Harbor, and ten miles west of Gary.

BOUNDARIES—Whiting is bounded on the north by Lake Michigan; on the east by East Chicago, Indiana Harbor and Lake Michigan; on the south by Hammond and Lake George, and on the west by Hammond and Wolf Lake.

POPULATION—The population of Whiting was 10,307 according to the 1940 U. S. Census.

Government

Whiting is governed by a city council form of government. The administration is headed by Mayor James T. McNamara. The administration is regarded as conservative in its aims and has proved satisfactory to the people of this city.

The heads of the departments of police and fire have been in office for the past several years and there is much evidence of the high efficiency of these protective agencies.

Taxation

The tax rate for Whiting for 1944 was \$2.98 per \$100 assessed valuation. This included city and county tax. The city tax is 78½¢ per \$100 assessed valuation.

There is no state sales tax in Indiana, and no occupational tax.

The assessed valuation of Whiting for 1944 was \$24,265,355.

Transportation

Transportation facilities in Whiting offer direct or inter-connected facilities with all parts of the U. S. Whiting is on three U. S. Highways: 12, 20 and 41. The New York Central and the Pennsylvania railroads furnish excellent suburban service to Chicago and Gary. The Baltimore & Ohio Railroad and the E. J. & E. Railroad also maintain service stations here.

The Chicago & Calumet District Transit Co. operates a large fleet of the highest type motor coaches. Service is furnished between Whiting, Chicago, East Chicago, Indiana Harbor, Hammond and Gary.

The Yellow Cab Co. of Whiting maintains regular Yellow Cabs and gives the usual high-type service afforded by this system.

The American Railway Express Co. handles practically all express. In addition, a number of the large transfer and express companies of the surrounding cities deliver here. There are several transfer companies doing business in Whiting.

In addition to the railroads mentioned above, the E. J. & E. Railroad, the Indiana Harbor Belt Railway Co. and the Baltimore & Ohio Chicago Terminal Co. operate freight service. Whiting is in the Chicago Switching District, and Chicago rates apply on all commodities.

Whiting is only a mile or two from the shipping canal in Indiana Harbor, which provides easy accessibility for water transportation on the Great Lakes.

Public Utilities

ELECTRICITY—Electric energy is provided by the Northern Indiana Public Service Co. and the rates are comparable to those in other industrial communities.

GAS—A high-grade gas also is furnished by the Northern Indiana Public Service Co. at reasonable rates.

COMMUNICATIONS—Whiting is served by the Illinois Bell Telephone Co. and the Western Union Telegraph Co.

Labor

There is a large supply of both skilled and unskilled labor in Whiting. There have been no industrial disturbances over a number of years, and the general attitude of the city as a whole does not encourage labor troubles.

Housing and Living Costs

At the present time there is a shortage of homes, as is true in a majority of cities throughout the country. Good homes and apartments can be rented for reasonable amounts when available.

Whiting is located adjacent to a superior garden and trucking area, immediately contiguous to the Michigan-Indiana fruit belt, and also is close to the largest meat-packing operations in the country, making these things available with wide choice and at reasonable prices.

Commercial Organizations

There are several commercial or-

ganizations giving direct service to the industrial and commercial interests of the city.

The Whiting-Robertsdale Chamber of Commerce is composed of representatives from the industrial, business and professional groups. The organization gives careful consideration to legislative matters, cooperating with the other local and state commercial, industrial and civic groups, with the result that the interests of all have been better served.

The program of this organization is a general one and always in the interest of the community and its inhabitants as a whole.

The Whiting Credit Bureau is composed of a number of retailers. This organization is solely for the purpose of giving confidential credit information.

Civic Organizations, Etc.

Whiting has a number of leading civic clubs, including the Business & Professional Women's Club, Lion's Club, Whiting Women's Club and Parent-Teachers' Association. Nearly all the fraternal organizations are represented in Whiting.

All character-building and welfare work clears through the Whiting-Robertsdale Community Chest, which conducts an annual drive for a fixed sum to provide for these agencies each year. Organizations which derive their support from this Association are: Whiting Relief & Aid Society, Whiting Boy Scouts, Whiting Girl Scouts, Whiting Community Service, Lake County T. B. Association, Carmelite Home for Boys and Carmelite Home for Girls.

Educational, Religious and Cultural Features

SCHOOLS—The Whiting school system consists of two grade schools and one junior and one senior high school. There are two parochial schools, one consisting of both grade school and junior high. All these schools are staffed with highly-competent teachers and instructors.

For those desiring higher education, extension courses are provided from the University of Indiana, and engineering courses are given from Purdue University in closely-located cities.

CHURCHES—There are twelve churches in the city, representing six denominations.

LIBRARY—Whiting has one library, with 23,615 volumes, furnishing adequate reading and reference material for the people. A branch of this library is located on the far south side of the city.

Recreation

PARKS AND PLAYGROUNDS — Whiting has one park, Whiting Park. This park is equipped with bath house and playground equipment. It also has a baseball field, a pistol range, a trapshooters' range, and one of the finest tennis courts in the Calumet District. There are five playgrounds for children. At the Whiting Athletic Field there are also tennis courts, a running track and fields for baseball and football.

SWIMMING—The Community Center and the Whiting Junior High School have two of the finest swimming pools that can be found anywhere.

THEATRES—Whiting has two theatres, with a total seating capacity

of 2,200 persons. These are the Hoosier and the Capitol. In addition, the auditorium in the Memorial Community Center, with a seating capacity of 1,200 persons, has some of the finest equipment obtainable.

SCOUTING—For boys and girls of scouting age, there are active scouting troops in Whiting. Both organizations maintain summer camps.

Public Health

Whiting maintains an efficient health department under the direction of a board of health of three members, and in charge of a qualified physician, safeguarding the city against the spread of infectious and communicable diseases.

Compiled by the Whiting-Robertsdale Chamber of Commerce, 1945.

"CITY OF HOMES"

(Courtesy Calumet City Association of Commerce)

Statistical Review

Population—1940 U. S. Census, 13,241; 1943 registration for rationing, 15,105.

Area—8.5 square miles.

Altitude—585 feet above sea level.

Climate — Mean annual temperature, 49.2 degrees F.; average annual rainfall, 33.02 inches.

Parks—1 public and 2 forest preserves.

Assessed Valuation—\$12,386,031.

Bonded Debt—None.

Churches—5, representing 4 denominations.

Real Estate — 3,000 homes, with about 80% owned by occupants.

Industry—Canning, bottling works, meat-packing, fertilizer works, chemical company and stock yards.

Trade Area—Retail area has radius of 2 miles, and population of 25,000.

Railroads—10 trunk lines.

Highways—U. S. 6 and 330; State 58.

Airports—1, privately-owned.

Amusements — Largest auditorium in city seats 2,000 persons. 2 golf courses.

Education — 4 public schools, including 1 high. 3 parochial schools.

Public Libraries—1, with 3,000 volumes.

City Statistics—Number of water meters, 3,600; light meters, 5,200; gas meters, 5,200. Fire department has 7 men, with 1 station and 2 pieces of motor equipment. Police department has 9 men, with 1 station and 4 pieces of motor equipment.

General Review

This locality was first called West Hammond, later incorporated as the Village of West Hammond, still later

incorporated as the City of West Hammond, and in 1925 the name was changed to Calumet City. It is in Cook County, 22½ miles from the center of Chicago. It adjoins Chicago on the north, and Hammond on the east. Residents of Calumet City are 20 minutes' ride from 130 different industries of the Calumet District. The city is free of industrial gases and therefore very desirable for residential purposes.

Joining Hammond and Chicago, Calumet City is served with the best of facilities. Theatres, banks, hospitals and churches of Hammond are closer to the whole population of Calumet City than to the people of Hammond. The north and west sides of the city have many desirable sites for industrial expansion and development. City improvements are available in enough vacant property to double the population with new homes without additional facilities. For years Calumet City has drawn home-owners due to low taxes, fine water, good streets and tolerant municipal supervision of business.

Calumet City is served by three local bus companies, and is on the route of four transcontinental air lines, with an airport just outside the city limits.

Being a "City of Homes," Calumet City has stood out as a desirable location for residential purposes. Many business men who have their offices and industries across the line in Hammond and Chicago, reside in Calumet City. Most of the population resides within walking distance of the business center of Hammond. The city's liberal policies make it a desirable location for factories as well as homes. Property has a ready market in Calumet City.

Mr. Citizen!

*Correct Information Is
Valuable to You!*

¶ Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

POLK'S HAMMOND

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

Including Burnham and Calumet City, Illinois

1945

WHITING DIRECTORY OF HOUSEHOLDERS FOLLOWS
THIS SECTION

Copyright, 1945, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes nor responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

POLK'S WHITING

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1945

Copyright, 1945, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes nor responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

The Services of R. L. Polk & Co.

DIRECTORY PUBLISHERS FOR 900 CITIES

• For seventy-five years, Polk City Directories have been the accepted basis for population listings in hundreds of American Cities. Each Directory . . . reports families, homeowners, business firms, civic organizations, public and private institutions within the city. These extensive operations have gained for the Company the reputation of DIRECTORY SPECIALISTS. Polk cooperates in the maintenance of City Directory Reference Libraries throughout the United States and Canada.

After the War, Polk directories will continue to be the standard for the cities of the Country . . . tracing the shifting of America's families from wartime to peacetime endeavor.

BANKING AND FINANCIAL REPORTING

• Polk's Bankers Encyclopedia has linked the financial world for over a half century. Issued semi-annually, this comprehensive report of the nation's banks, investment dealers and brokers, life insurance companies and foreign banks . . . is recognized as *The Bank Directory*. Polk also prepares special reports for the banking field, together with daily, weekly and monthly services.

Postwar business operations will require the forwarding of many financial items for the handling of domestic and foreign transactions . . . Polk's Bankers Encyclopedia will continue as the guide to the financial world.

DIRECT MAIL ADVERTISING FOR THE COUNTRY'S LEADING INDUSTRIES

• Polk's Direct Mail Advertising Division—one of the world's largest—specializes in high-quality, productive advertising. America's greatest industries are Polk's long-time clients. Polk's direct mail advertising service is complete . . . consultation, research, testing, creating, printing, producing, and distributing to selected prospects. A live organization of experienced business men who know the principles of selling. Production plants are geared to handle better than two million mailings daily.

In the postwar sales era, the direct mail advertising services of R. L. Polk & Co. will be geared to help its clients produce the increased sales volume necessary to the postwar economy. Plant capacity will be greatly increased, new skills will be added.

AUTOMOBILE AND BUSINESS STATISTICAL HEADQUARTERS

• Since 1922 Polk has been statistician for the Automobile Industry. Polk total count of passenger cars, trucks, motorcycles and trailers by make, by year model is the only annual inventory of the country's automotive equipment. Polk's new passenger car and truck reports furnish manufacturers and dealers with a monthly recapitulation of all sales for each territory.

The first business census of the U. S. was a Polk project, giving statistics covering the number of manufacturers, wholesalers and retailers for each state, county and town in the U. S.

These statistical services again will be available to American business at the end of the war, to enable them to plan intelligently their production, distribution and sales programs.

SURVEYS AND CONSUMER RESEARCH

• Polk's facilities are the largest in the country for fast, accurate research, surveys, and analyses, built on experience gained through nationwide home and business canvasses each year. Polk's Branch Plants, Branch Offices, and associated offices in strategic cities all over the United States are staffed with trained personnel, able to move fast, on any job.

In the postwar era, Polk Consumer Research facilities will be even greater . . . new experience will be available to the businesses of America.

NATIONAL MAILING LISTS AND MAILING SERVICES

• The people of America are in Polk's list files . . . all businesses, all trades, professions and vocations . . . obtained through personal canvass. Polk also lists all passenger car, truck, commercial car, trailer, motorcycle owners—by make of car, by model, by year, by state, county, town. Know-how gained in filing more than 75 million names annually is available to Polk clients, for any kind of list or mailing service. Facilities for multi-graphing, ditto, photo-offset, letterpress printing, reproduction of forms, questionnaires or letters and complete addressing, imprinting and mailing services are available at Polk Headquarters or Branch Production Plants in strategic cities.

After the War, these lists will be the customer lists for the new products of Peacetime America . . . the prospects for every industry's production. Polk can reach them DIRECT for you, with the right kind of sales-producing message.

WAR WORK

• After Pearl Harbor, the major plant service and skills of R. L. Polk & Co. were at the disposition of the armed services, for war work. Since the war began, Polk has been entrusted with two of the largest and most complicated war jobs, for Army Ordnance and Air Corps, requiring tripling of Polk's plant space, plus the services of most of Polk's personnel. Until the War is won, Polk's major effort will be devoted to these war tasks.

With Peace, the Polk plants and the Polk skills again will be released for the job of helping the industries of America rebuild a stronger business structure, and upon these skills will be built a new and even greater Polk organization!

MR. CITIZEN!

**Correct Information
Is Valuable
To You!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

POLK'S BANKERS ENCYCLOPEDIA

The "Purple Book"

Bank Directory of the World

It contains bank statements in statement form with totals and date, giving details as to capital, surplus, undivided profits and analyzed deposits including asset items of loans and discounts, cash and exchange, with segregation of bonds as to government, state and municipal.

Bank officers, directors, correspondents and accessible banking towns are conveniently arranged, with memberships in F D I C designated and special list of Transit Numbers in numerical form.

Among other reference features are clearing house rules and regulations with officers, names of national, state and city officials, national and state bank examiners, banking laws and regulations, bank attorneys and state and city maps.

It carries a complete list of the Investment Bankers Association and members of principal stock exchanges, dealers in commercial paper, as well as a selected list of general investment dealers.

Supreme in the bank directory field, this reference medium is of everyday practical use and importance in the world of banking and finance.

Issued in March and September each year.

Price \$15 Per Copy or \$20.00 to include Monthly Supplements.

STATE AND SECTIONAL EDITIONS

From the sheets of the complete volume of Polk's Bankers Encyclopedia, State and Sectional Books are made up on special order and available in several styles at rates in accordance with desired specifications.

Vital Information at Your Finger-tips!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, em-

ployment, sources of supply, communication, etc. *In addition*, Directory usage is **up** among regular subscribers.

Clerks!

Do your employers
 furnish you with the
 latest edition of the
 City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

The Symbol of Service *in fine Book-making*

THE distinctive Conkey Winged Horse trade mark is symbolic of over 68 years of development in the printing arts. It typifies an institution of capability. The immense Conkey plant embodies mental and mechanical equipment that has succeeded in manufacturing fine books for over a half-century.

The Winged Horse imprint in your book signifies quality from cover to cover. It assures strength of construction, fine papers, excellent typography, and long service.

The ability to produce fine books is a Conkey achievement that should be of profitable interest to you.

Ask Any Man Who Lives In One!

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS'
GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ The Buyers' Guide is a necessary supplement to the regular listings; It is good City Directory information . . . EXTENDED ★

As your "neighborhood" nurserymen, we are in a position to serve your planting needs in an efficient way, having in our nursery stock consisting of evergreens of the highest quality, shade and fruit trees, shrubs, vines and perennials—all of which are acclimated to our part of the country. We also have a complete understanding of soil conditions and of the handicaps which have to be overcome before you can be assured of a planting of lasting beauty.

If given the opportunity, we will convince you of our sincerity and honest desire to serve you in any work given us. Whether the job be large or small, we will give you our best. Being located just outside the Hammond city limits, our nursery can be visited and a personal selection of nursery stock made with little outlay of time or gas. Visitors welcome any time.

Why A BUYERS' GUIDE?

*It is customary to include a Buyers
Guide in the City Directory because:*

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

THE BUYERS' GUIDE IS A NECESSARY SUPPLEMENT TO THE
REGULAR LISTINGS; IT IS GOOD CITY DIRECTORY INFORMATION
... EXTENDED

« Without Regard to Size, Importance, Location, »
or Appointments, Is Your

CITY DIRECTORY CLASSIFIED BUSINESS SECTION

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

**DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

DOMESTIC POSTAL RATES

First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS: 1 cent each within prescribed sizes.

BUSINESS REPLY CARDS: 2 cents each; Air Mail 5 cents each.

BUSINESS REPLY ENVELOPES: Ordinary or Air Mail, 1 cent in addition to regular postage.

BUSINESS REPLY ENVELOPES: Business reply envelopes for local delivery 1 cent in addition to regular postage. Apply at Post Office for Permit.

Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 1 cent for each 2 ounces or fraction of 2 ounces or fourth-class rate, whichever is lower.

Third-Class

MISCELLANEOUS: 1½ cents for each 2 ounces or fraction of 2 ounces, up to and including 8 ounces. BOOKS AND CATALOGS, 24 pages or more (including covers), 22 of which must be printed, SEEDS, ETC., 1 cent for each 2 ounces or fraction of 2 ounces, up to and including 8 ounces.

BULK THIRD CLASS (Up to 8 oz.): Not less than either 200 pounds or 200 separately addressed identical pieces 12 cents for each pound or fraction, but not less than 1 cent per piece. Apply at P. O. for permit to mail.

BOOKS, SEEDS, PLANTS, Etc. (Bulk up to 8 oz.): 8 cents for each pound or fraction, but not less than 1 cent per piece. Matter mailed at bulk rates can not be Registered, Insured or sent C. O. D.

All bulk mail must be separated by state and office, tied and labeled. These rates do not apply to mail for Canada and other Foreign Countries.

Fourth-Class—(Parcel Post)

Includes printed matter, merchandise and all other matter weighing in excess of 8 ounces except first and second class matter. Parcels limited to 100 inches, length and girth combined. Weight limit 70 pounds.

Zones	First Pound*	Additional lbs.*
Local	7c	1c each 2 lbs.
1 and 2	8c	1½c each 1 lb.
3	9c	2c each 1 lb.
4	10c	3.5c each lb.
5	11c	5.5c each lb.
6	12c	7c each lb.
7	14c	9c each lb.
8	15c	11c each lb.

*Effective March 26, 1944, postage at the foregoing rates was increased 3 per centum, fractions of one-half cent or more to be computed as one cent, but in no case shall the increase per parcel be less than 1 cent.

Fourth-Class

PARCELS MAILED ON RURAL ROUTES: 2 cents less per parcel than indicated in foregoing table for local delivery and 3 cents less for other than local delivery.

LIBRARY BOOKS: Books sent by authorized libraries to readers and when returned by such readers, for delivery within the first three zones or the State in which mailed: 4 cents for the first pound and 1 cent for each additional pound up to and including 47

pounds; 52 cents for 48 pounds and 1 cent for each additional pound up to and including 70 pounds.

SHORTPAID MATTER: First-class matter mailed shortpaid one rate (3 cents) shall be rated 3 cents due for collection upon delivery, and 4 cents due for each shortpaid ounce or fraction of an ounce when shortpaid more than one rate.

AIR MAIL SERVICE

United States Air Mail Service

Eight cents for each ounce or fraction thereof; to any part of the United States. May be registered, insured, sent C. O. D. or Special Delivery.

The rate of 6 cents for each half ounce or fraction thereof will continue to apply to Air Mail sent to or by the armed forces of the United States overseas served through Army and Navy Post Offices.

Air mail stamps and distinctively stamped envelopes are issued for prepayment of postage on air mail. Ordinary stamps may also be used.

Air mail should be plainly marked "VIA AIR MAIL" in the space immediately below the stamps and above the address.

Canada (same as above)

Air Mail Mexico

Rate of postage to Mexico: Ten cents for each ½ ounce.

Dispatched by the United States Air Mail Service and in Canada or in Mexico by the Air Mail Services in those countries. For additional information telephone your local post office.

United States Air Mail Service to Central America, South America and the West Indies

For information regarding this service telephone your local post office.

Air Mail in Other Foreign Countries

For information regarding this service in Foreign Countries, apply at or telephone your local post office.

FEES IN ADDITION TO REGULAR POSTAGE

SPECIAL DELIVERY

FIRST CLASS ONLY—2 pounds or less, 13 cents; over 2, not over 10 pounds, 20 cents; over 10 pounds, 25 cents.

MAIL OTHER THAN THAT OF THE FIRST CLASS will be given the most expeditious handling and transportation practicable, and in addition receive immediate delivery at the office of address, upon payment of the following special-delivery fees:

2 lbs. or less17c
Over 2 lbs., but not over 10 lbs.20c
Over 10 lbs.35c

"Special Delivery" must be so indicated.

SPECIAL HANDLING

(Without Special Delivery)

FOURTH CLASS: 2 pounds or less, 10 cents; over 2, not over 10 pounds, 15 cents; over 10 pounds, 20 cents. "Special Handling" must be so indicated.

SENDERS' RECEIPTS FOR DOMESTIC ORDINARY MAIL

A receipt (certificate of mailing) is furnished the sender of domestic ordinary mail of any class upon payment of 1 cent for each piece. This fee does not insure against loss, rifling or damage, but merely furnishes evidence of mailing, and no receipt will be obtained from the addressee on delivery. Additional duplicate receipts may be obtained upon payment of 1 cent each.

MONEY ORDERS

Not exceeding \$ 2.506c
Not exceeding 5.008c
Not exceeding 10.0011c
Not exceeding 20.0013c
Not exceeding 40.0015c
Not exceeding 60.0018c
Not exceeding 80.0020c
Not exceeding 100.0022c

Registry

Domestic mail matter prepaid at the first-class rate of postage, may be registered against loss, rifling or damage upon payment of the following fees:

Indemnity	Registry	Fee
Up to \$5	\$0.20
\$ 5.01 to 5025
50.01 to 7535
75.01 to 10040
100.01 to 20055
200.01 to 30065
300.01 to 40080
400.01 to 50095
500.01 to 600	1.05
600.01 to 700	1.15
700.01 to 800	1.20
800.01 to 900	1.25
900.01 to 1000	1.35

When declared value of registered matter exceeds limit of indemnity prescribed for the fee paid, a surcharge is collectible. The local post office should be consulted for full particulars.

Collect-on-delivery mail sealed against post inspection and bearing postage at the first-class rate may also be registered. The fees on registered C. O. D. mail range from 40 cents to \$1.40, according to amount to be collected up to \$200, or amount of indemnity desired not exceeding \$1,000. Consult postmaster for particulars.

COLLECT-ON-DELIVERY

No C. O. D. Service to Canal Zone.

INSURANCE

Amount of Insurance	Insurance fee
From \$0.01 to \$5	3c
From \$5.01 to \$25	10c
From \$25.01 to \$50	15c
From \$50.01 to \$200	25c

Fee for return receipt, 4 cents extra.

Limit for Canal Zone is \$200.

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie the knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

*A Unique Service Provided
By The Publishers of Your City Directory*

*T*he publishers of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:
